INTRODUCTION

In compliance with the Grant Agreement, Cameroon Young Jurists Legal Resource Center (CYJULERC) is submit this 1st Quarterly Monitoring Report.

The Grant was donated by the Foreign and Commonwealth Office (the Authority) to CYJULERC (the Grantee) to sensitize, raise awareness, educate of actors / stakeholders and support centers for women, to ensure that in violence and insecurity in the conflict regions of Cameroon, **sexual violence is reduced and victims are supported.**

This Quarterly Monitoring Report will briefly present the following:

- Project activities completed;
 - Results obtained;
 - Assessment of progress and success achieved;
 - Brief financial expenditure
- **Project activities completed:** The activities implemented so far are identification of participants in all three target regions (Activity 1.1, 1.2 and 1.3) and Workshop in the North West Region (Activity 2.2).

Fifty-two (52) participants were identified in the South West, fifty-four (54) in the North West and fifteen (15) in the Far North Regions.

All fifty-four (54) participants from the North West Region attended the workshop in Bamenda which held from 14 – 15 September 2018. Five (5) modules were presented; General introduction of the project, the rationale and the expected goals

(module 1), the meaning of sexual violence in conflict – context and prevalence, rape etc in conflict (module 2) and Legal framework of sexual violence – national & international (module 3) on the day one (1).

Consequences of sexual violence in conflict – physical & psychological consequences and Prevention & Response – psycho – social support, legal and medical support were presented on the 2nd and final day of the workshop.

- **Results obtained:**

- One hundred and six (106) participants were identified in all three (3) target regions (Activity 1 – 1.3);
- Capacity of thirty-seven (37) participants from all seven (7) Divisions and twenty-eight (28) Sub-Divisions of the North West Region build on prevention and combating sexual violence in times of armed conflict – to raise awareness, educate communities – provide psycho-social support and refer for medical support to victims - refer victims to regional focal center for legal, medical support and follow – up.
- One health institution (Baptist Health Center Nkwen) was identified to provide medical support to victims and two staff trained in sexual violence.
- One organization (IVFCAM) supported to act as Regional Focal Center, to collect information from all 7 Divisions and 28 Sub-Divisions of the North West regions, monitor incidents of sexual violence, follow-up support of victims, collect data and follow-up cases.

- Two lawyers were trained to provide legal support for all victims of sexual violence in the North West region.
- A group WhatsApp's Forum of "Partners for prevention and combating Sexual Violence" was created.

- **Assessment of progress and success achieved:** All three (3) identification exercise (Activities 1.1, 1.2 and 1.3) in the three project regions have been implemented. One major workshop (Activity 2.2), out of the two has also been implemented.

Only two main activities are left, the workshops of the South West and Far North regions (Activity 2.1 and 2.3) are to be implemented.

We pre-financed the entire identification exercise (Activities 1.1, 1.2 and 1.3) and the capacity building workshop (Activity 2.2), and six million and seventy-five thousand **three hundred and forty-five** (6,075,345) francs CFA.

We have exhausted all our funds; we cannot implementation the two main activities: the workshops of the South West and Far North regions (Activity 2.1 and 2.3). We are therefore requesting for payment of our invoice o enable us implement these two main activities as soon as possible as secure situation in these regions deteriorates by the day.
